

Graduation Portfolio Webcast

Viewing Guide Student Video Clip Analysis

The three students selected to provide some insights into their Portfolio experiences represent a diverse range of interests and academic performance levels.

1. Pre-viewing:

Jot down a few things you expect to hear from the students:

2. Response to Video clips:

Clearly there are several important attributes that the students associate with their Portfolio experience.

What are you hearing these students talk about that we should be valuing as educators and/or parents? What aspects of student growth and development are apparent?
